Evolution3[™] range

Making accurate cutting easier than ever before

The ultimate tool for a busy production environment

- Quick and easy to use saves time and money
- Reliable and built to last
- Lift-and-Hover* (patent pending) for fast, accurate cut alignment

cutter

- Future-proof and versatile QuikSwap tool heads
- Guaranteed ultra high precision 0.2mm accuracy
- Cuts PVC foamboard up to 13mm

Available in 1.1m, 1.6m, 2.1m, 2.6m, 3.1m and 3.6m cut lengths. Please enquire about custom lengths up to 5.5m. *Available for BenchTop and SmartFold "The Evolution3 helps us increase throughput. We complete more work so it has a direct and positive impact on our business." John Walliker, JDP Solutions

SmartFold FreeHand **BenchTop** Portable version for flexible use • Fits on any flat bench Fold-away under-bench storage Lift-and-Hover alignment system Lift-and-Hover alignment system • • Integral cutting strip **QUIKSWAP TOOL HEADS Double Graphik** • Two-way cutting with two individual blade Ideal for: vinyl, banner, cardboard, up to 13mm PVC foamboard, foamholders tool head centred board, corrugated plastic & Graphik blades are stronger and more stable paper, pop-up & roll-up materials than regular blades • Supplied as standard with every Evolution3 • Spring-loaded cutting wheel **Fabric** Ideal for: fabric, paper, film, vinyl, Consistent pressure for reliable cutting banners, delicate materials tool head Cuts in both directions Creaser Ideal for: stout paper and card, Creases corrugated and plain card • A range of creaser wheels to suit different cardboard, grey board tool head materials Ultra High Precision - Guaranteed to cut within 0.2mm of a straight line for the whole length of the

THREE MODELS TO CHOOSE FROM

Evolution3[™] Product Guide

KEENCUT

Quick and easy

- Raise the clamp with minimal effort
- Lift-and-Hover* holds the cutter bar just above the media
- Anti-sag holds the cutter bar parallel to the surface of the media
- Sightline strip shows exactly where the cut will be made

Simple to use

- Intuitive minimal training needed
- Lift-and-Hover* can be operated from either end
- Single person operation even with the largest sheet size

Saves time and money

- Better alignment means fewer mistakes and less waste
- Faster working for higher productivity

Reliable and built to last

- Designed and manufactured to Keencut's exacting standards of precision
- 5-year warranty

Fits any suitable bench

• For the Evolution-2 bench or any appropriate existing bench

*On the BenchTop and SmartFold
